Nurfaizzi Rasyid
Frontend

👤 Profil

I am a Frontend Developer specializing in website development using React.js, React Native, and Next.js. I possess comprehensive knowledge, advanced skills, and substantial experience gained through a 5-month Binar Academy Bootcamp, where I successfully built websites and mobile applications. My expertise lies in writing code with utmost efficiency and effectiveness. I am particularly intrigued by technologies such as React.js, React Native Framework, and Next.js.
